VICTORIA HENDRICKS

SKILLS

mySQL Sequelize Javascript Node.js Express.js HTML CSS JSON MongoDB No SQL

PROFILE

Recent Software Engineer graduate with fundamental knowledge of software design, development, data analytics, and testing. Planning to take my 5 years of experience in healthcare into the world of technical development by utilizing my excelling programming and analytical skills to thrive as a software or data engineer.

EXPERIENCE

FULL-STACK DEVELOPER STUDENT, GEORGIA TECH — 2022

Attending course at Georgia Institute of Technology that has allowed me to develop technical skills in Javascript, HTML/CSS, Node,js, Express, MongoDB, SQL, NoSQL, JSON, and React. Have created several project repos on GitHub and used Heroku for deployment and Insomnia for route testing. Portfolio website created and provided on GitHub and LinkedIn.

LEAD OPHTHALMIC TECHNICIAN, GEORGIA RETINA — 2019-PRESENT

Acquired skills of management and problem-solving through running the clinic and troubleshooting all technical complications through our healthcare software and devices. Worked with Epic and Nextech Health Systems and devices from Optos, Zeiss, and Heidelberg.

CERTIFIED OPHTHALMIC ASSISTANT, GEORGIA RETINA — 2017-2019

Consisted of patient interaction, medical record documentation, billing/coding, assist to the physician in all medical procedures, and developed skills in using opto-coherent topography, angiography, and fundus photography.

EDUCATION

FULL STACK DEVELOPER CERTIFICATE, GEORGIA TECH — 2022
GRADUATE DEGREE IN PHYSIOLOGY, UNIVERSITY OF FLORIDA — 2020
BACHELORS OF SCIENCE, UNIVERSITY OF SOUTH FLORIDA — 2017
